Strategist
Destination Stewardship
Travel Oregon

Alana Garner-Carollo
Executive Director
Eastern Oregon Visitors Association

RARE IMPACT - THE WIN-WIN

●

Each member serves a 1,700 hour/11-month term of service taking on place-based projects identified by the host site. Each member strives to create catalytic change in the community or region being served.

●

The majority of RARE AmeriCorps Members continue to serve rural Oregon after completion of their term(s) of service, many of whom are continuing to work in leadership positions within the rural community and economic development arenas.
